Preface

The National Endowment for the Arts, an independent agency of the Federal Government, was created in 1965 to encourage and assist the nation's cultural resources. The Endowment is advised by the National Council on the Arts, a presidentially appointed body composed of the Chairman of the Endowment and 26 distinguished private citizens who are widely recognized for their expertise or interest in the arts. The Council advises the Endowment on policies, procedures, and programs, in addition to making recommendations on grant applications.

Preamble

Throughout the ages, man has striven to go beyond the limits of the immediate physical world to create that which was not there before and thus nourish the human spirit. Our first record of man's perception of the world around him was through art scratched on cave walls, carved in stone, or modeled in clay. Man's need to make, experience, and comprehend art is as profound as the need to speak. It is through art that we can understand ourselves and our potential. And it is through art that we will be understood and remembered by those who will come after us.

This nation's governance is based on our people's commitment to freedom of imagination, thought, and expression. Our many aesthetic and cultural traditions are precious to us—for the rich variety of their beauty and as a rich symbol of the diverse nature of the United States.

Primary support for the arts has always come directly from the people of this nation: artists in localities all across the country who create and sustain the arts and contributors who support the arts out of conviction and as a matter of civic and regional pride.

It was in this context that the National Foundation on the Arts and the Humanities Act was enacted in 1965. The Congress found that "the encouragement and support of national progress and scholarship in the humanities and the arts, while primarily a matter of private and local initiative, is also an appropriate matter of concern to the Federal Government..."

The Congress also found that "while no government can call a great artist or scholar into existence, it is necessary and appropriate for the Federal Government to help create and sustain not only a climate encouraging freedom of thought, imagination, and inquiry, but also the material conditions facilitating the release of this creative talent..."

Mission

The mission of the National Endowment for the Arts is:

- To foster the excellence, diversity, and vitality of the arts in the United States and
- To help broaden the availability and appreciation of such excellence, diversity, and vitality.

In implementing its mission the Endowment must exercise care to preserve and improve the environment in which the arts have flourished. It must not, under any circumstances, impose a single aesthetic standard or attempt to direct artistic content.

Implementation

Who: The Endowment assists individual artists; those who act on behalf of artists or audiences; organizations whose primary intention is artistic or educational; and state and local arts agencies. Demonstrated or potential excellence and capacity to conceive, develop, or present a work of art are primary criteria.

Statement of Mission National Endowment for the Arts

National Endowment for the Arts,

What: Endowment activities:

- Demonstrate national recognition of the importance of artistic excellence.
- Provide opportunities for artists to develop their talents.
- Assist in the creation, production, presentation/exhibition of innovative and diverse work that has potential to affect the art form and directly or indirectly result over time in new art of permanent value.
- Assure preservation of our cultural heritage.
- Increase the performance, exhibition, and transmission of art to all people throughout the nation.
- Deepen understanding and appreciation of the arts among all people nationwide.
- Encourage serious and meaningful art programs as part of basic education.
- Stimulate increasing levels of nonfederal support of the arts.
- Improve the institutional capacity of the best of our arts organizations to develop, produce, present, and exhibit bold and varied fare.
- Provide information about the arts, their artistic and financial health, and the state of their audiences.

How: The Endowment, in conjunction with private and public partners, carries out its mission through grants programs and a wide range of leadership and advocacy activities. The Endowment also serves as a national forum to assist in the exchange of ideas and as a catalyst to promote the best developments in the arts and education about them. The Endowment's grants programs include individual, project, and longer term institutional support.

Endowment decision-making is guided by peer panel review and the National Council on the Arts and by additional advice from the artistic fields and their public and private supporters. The Endowment works closely with its public partners (the state and local arts agencies) to reflect regional, state, and local perspectives and assist cooperation in implementation of government arts support programs. The Endowment's programs are aimed at benefiting all people of this nation regardless of sex, race, creed, national origin, handicap, age, or habitat.

Chairman's Priorities

The National Endowment for the Arts, throughout all of its programs and activities, is particularly interested in promoting and supporting

- arts education

Particularly with respect to international, we urge potential applicants to contact the respective Program prior to making application in any of the Program's categories. Introduction

The Museum Program of the National Endowment for the Arts is designed to meet the evolving needs of the museum field through assistance for projects primarily of artistic significance. It is guided by three basic policies:

- All types of museums are eligible to receive funds for projects primarily of artistic significance.
- The quality of a project, not the size or location of the applicant institution, is the major criterion used in evaluating applications. Projects should be of the highest artistic level on a national or regional basis.
- The Program will be responsive and remain flexible enough to consider any worthwhile project.

We Fund

- Museums.
- Organizations that perform museum functions.
- Organizations that serve or cooperate with museums.
- Museum professionals.

We Do Not Fund

- New construction.
- Major structural modifications of buildings.

Eligibility Requirements

Organizations

While accreditation by the American Association of Museums is not an eligibility requirement, the Endowment generally uses the definition of museums developed by the AAM: "... a nonprofit institution essentially educational or aesthetic in purpose with professional staff, which owns or utilizes tangible objects, cares for them, and exhibits them to the public on some regular schedule."

In addition to museums, organizations that serve museums, and organizations that perform museum functions, state arts agencies and regional arts organizations are also eligible to apply to the Museum Program.

Applicant organizations must meet the legal requirements on page 37. Former grantees must also meet the Final Report requirements on page 8. In general, organizations should be in operation two years prior to submitting an application.

Individuals

Only currently employed full-time museum professionals may apply for fellowships. Applicants must be United States citizens or permanent residents of the U.S. Former grantees must also meet the Final Report requirements on page 8.

Application Instructions

ORGANIZATIONS applying for support should consult the "Instructions for Completing Organization Grant Application Form" on pages 42-44 and the "Special Application Requirements" that appear in each category. These requirements describe the materials you will need to include in your application package.

INDIVIDUALS applying for support should refer to "Fellowships for Museum Professionals" on pages 15-16 for instructions on how to apply.

Application Instructions,
continued

The application forms and the supplementary information sheets at the back of this booklet are the primary materials that advisory panelists use in evaluating applications. (In most categories, required visual materials are also essential.) It is important that all items on the required forms are completed clearly and concisely.

If you have questions or need any help with your application, write or phone:

Because the achievement of access for disabled people, as directed by Federal law, frequently requires long-range planning and budgeting, the Endowment encourages applicants to consider access issues in early planning stages of programs and services. Costs of program accommodations for people with various disabilities (e.g., audio description, sign language interpreters, cassette recordings of printed materials, large print labeling) are generally eligible project costs.

For more information, see "Other Programs of Interest/Office for Special Constituencies" on page 35.

Deadline Dates

Application packages, including all required supplementary materials, must be postmarked no later than the deadline date for your category. See the Application Calendar inside the front cover of these guidelines.

Late applications will be rejected. Incomplete applications are unlikely to be funded.

The Endowment will not accept any application materials by electronic transmission (e.g., FAX).

**What Happens to
Your Application**

After applications are received and processed by the Museum Program staff, they are reviewed by the appropriate Museum Advisory Panel. This is a continually rotating committee composed of experts from all aspects of the museum field. The panel discusses applications and supporting materials (as appropriate), and makes recommendations for funding in closed session. These recommendations are then forwarded to the National Council on the Arts, a presidentially appointed body, for its review in open meeting, and finally to the Chairman of the Arts Endowment for final decision. In addition to making funding recommendations, Museum Advisory Panels also review general policy and procedures during open sessions, and suggest modifications and improvements to Endowment guidelines based on their review.

(Continued on next page)

What Happens to
Your Application,
continued

Only after this entire process is complete are applicants notified of funding decisions. The notification dates are listed inside the front cover of this guideline booklet. Please do not seek information on the status of your application prior to this date.

Applicants are encouraged, however, to contact the Museum Program staff for information concerning the review of their application after official notification has been received. Applicants are also invited to attend meetings of the National Council on the Arts as well as the open sessions of Advisory Panel meetings.

Grant Awards

Scope of Projects

The Endowment welcomes the vitality of new projects and activities. Grants are awarded for specific projects, not for general operating support. Do not plan new programs that are beyond your means or that can be sustained only with continued Endowment funding.

Grant Amounts

Applicants notified that a grant has been recommended at less than the amount requested may be asked to revise the project budget. The revision may involve a reduction in the scope of activities and/or an adjustment of the budget to include increased funds from non-Endowment sources.

Period of Support

The period of support should span the full amount of time necessary to plan, execute, and close out the project. Please allow sufficient time in order to avoid requests for extensions. If requests for extensions of the grant period are necessary, they should be in the form of a letter addressed to the Museum Program, and should include the grant number, new end date, and a clear reason for the requested extension. Requests will be considered on a case-by-case basis. Approval is not guaranteed.

Matching Funds

A grant may be used to pay no more than half the cost of any project. Each grantee must match the funds on at least a dollar-for-dollar basis. Please refer to each category for special matching requirements. The required matching funds should come from cash contributions, earned income, or other grants. Applicants are urged to seek support from private sources as well as from their state and local governments. In-kind contributions (such as donated space, supplies, and services) may also be used as part of the match.

Funds from the National Endowment for the Humanities and the Institute of Museum Services may not be used to match Arts Endowment Museum Program grants. Other Federal funds may not be used to match Arts Endowment Museum Program grants, unless the statutory authority for such funds specifically allows them to be used as match for Federal grants.

Fellowships to individuals are made on a non-matching basis.

Continuing Support

Panelists annually review all applications on their merit, and in competition with other applications in the same category. An award granted one year does not imply Endowment support in subsequent years.

(Continued on next page)

Special Note

If you are recommended for a grant of more than \$100,000, Section 319 of Public Law 101-121 regarding restrictions on lobbying applies. This law establishes restrictions beyond those already in effect. Before such an award, or any amendment thereto, can be made, you must provide the Endowment with certain materials. The Endowment's Grants Office will contact you with further information as necessary.

Final Report Requirements

At the end of the grant period, the Endowment requires Final Report packages from grantees. If you receive a grant, complete instructions on final reporting will accompany the grant letter.

Former grantees who fail to submit required Final Reports for any grant(s) are ineligible to receive subsequent funding for five years following the Final Reports due date of the grant(s) unless the delinquent Final Report packages are submitted earlier. Acceptability of Final Reports may also affect eligibility. This policy begins with grants awarded in FY 1984 (i.e., any grant letters dated on or after October 1, 1983).

To maintain or reestablish eligibility, immediately mail any delinquent Final Reports to:

Grants Office/Final Reports Section, Room 204
National Endowment for the Arts
Nancy Hanks Center
1100 Pennsylvania Avenue, N.W.
Washington, DC 20506

Do not include Final Reports as part of your new application package.

Acknowledgment of Endowment Support

If you receive a grant, all published materials and announcements regarding the project must credit the Endowment. When funds are used to support a catalogue or exhibition, for instance, this should be acknowledged with the following statement in the catalogue and in all published materials and announcements of the exhibition: "This catalogue (exhibition) was supported in part by a grant from the National Endowment for the Arts, a Federal agency." If the Arts Endowment is listed as one of a number of donors, its placement in the list should have an appropriate relationship to other sources of support.

Note on Publications

The Museum Program requires the use of acid-free paper for hardcover publications and encourages its use for softbound publications. Any exceptions for hardcover publications must be justified in writing.

It is a requirement of any grant which supports the publication of a catalogue that 42 copies of that catalogue be sent to the United States Information Agency.

Do not send these catalogues to the Endowment, but to the following addresses:

Send 2 copies to:

Program Officer
Arts America Program
United States Information Agency
301 4th Street, S.W., Room 567
Washington, DC 20547

Send 40 copies to:

Chief Service Branch
USIA Art Catalogue Project
830 Third Street
Loading Dock 15
Brooklyn, NY 11232

(Continued on next page)

Note on Publications,
continued

The National Endowment for the Arts strongly encourages grantees who produce books or other publications for dissemination to take advantage of the free cataloging service of the Cataloging-in-Publication Division of the Library of Congress.

Cataloging-in-Publication provides publishers with cataloging data to be printed in the book. Having the data in the book speeds the library cataloging process and gets the book into immediate circulation--to the benefit of author, publisher, and reader.

Professional Development

Museum Training

Grants in this category are awarded to support arts-related graduate-level training programs, internships, apprenticeships, and workshops and seminars. Priority will be given to programs that encourage multicultural participation and to efforts to improve staff in geographic areas where there is a demonstrated need to improve professionalism.

Graduate-Level Training. For programs in curatorial training, museum administration, or museum education, conducted jointly by museums and universities, in which art history courses form an integral part of the program.

Summer Internship Programs. Provided by a museum for college students who wish to explore a career in the museum field. These programs must clearly demonstrate that efforts have been made to recruit and provide opportunities for multicultural participants.

Workshops and Seminars. Programs directed to mid-career and professional training and development and/or which address topical issues in the field.

Eligibility

All grants go directly to institutions, not individuals. See "Eligibility Requirements/Organizations" page 5 and "Final Report Requirements" on page 8. Recipients of Endowment supported internships and apprenticeships must be United States citizens or permanent residents of the U.S.

Review Criteria

In reviewing applications within the overall context of the "Statement of Mission of the National Endowment for the Arts" (pages 1-2), advisory panelists consider the completeness and clarity of the application package and:

- Number of students, quality and duration of training, and amount of stipend.
- Success of the program in placing graduates in the field or in enhancing the professional development of current museum staff.
- Degree to which the program is designed to be a meaningful training experience rather than a means of providing the institution with additional staff support.
- Extent of involvement of practicing museum professionals in the training.
- Efforts to encourage multicultural participation.
- Practical museum experience provided program participants.
- For university programs, extent of art historical training, degree of cooperation with museums, and achievements of recent graduates as museum professionals.

For information on these grants, please contact the Endowment's Arts in Education Program. (202/682-5426)

Locals Program

The Locals Program seeks to enhance the quality and availability of the arts by fostering expansion of public support for the arts at the local level and by improving the process for allocation of local arts resources through support of local arts agencies. (202/682-5431)

States Program

The States Program provides support to state arts agencies, regional groups of state arts agencies, and organizations providing services at a national level to state and regional arts agencies. (202/682-5429)

Challenge Grants

Challenge III Grants are designed to assist projects with long-term potential to help move the nation forward in achieving excellence in the arts, improved access to the arts, and deeper and broader appreciation of the arts, both directly and through nonfederal mechanisms for the arts. Challenge III grantees must match every Federal dollar with at least three dollars from other sources. Grants are available to institutions (including arts institutions, state and local arts agencies, regional organizations, and other organizations) to undertake new or substantially augmented projects in the areas of artistry, access, appreciation, and support systems for the arts. (202/682-5436)

Advancement

The Advancement Program (202/682-5436) is designed to help organizations of artistic excellence develop specific strategies to eliminate deficiencies in organizational management practice, and to take carefully planned steps toward the achievement of long-range goals. The Program consists of two phases--Phase One: Planning/Technical Assistance and Phase Two: Advancement Grants (generally ranging from \$25,000 to \$75,000) which must be matched at least three to one. Current plans call for eligibility according to the following timetable:

Fiscal Year 1992: Dance, Expansion Arts, Folk Arts, Literature, Media Arts, Opera-Musical Theater, and Visual Arts.

Fiscal Year 1993: Arts in Education, Design Arts, Inter-Arts, **Museum**, Music, and Theater;

**Office for Special
Constituencies**

The Office for Special Constituencies assists individuals and organizations in making arts activities accessible to older adults, disabled people, and those in institutions. You may contact the Office (202/682-5532 or 202/682-5496 Voice/TDD) for assistance and materials, including model project guidelines and examples of how arts groups make their programs available to special constituencies. Copies of The Arts and 504 (a how-to handbook for making the arts accessible to disabled people) may be obtained from the Government Printing Office, Superintendent of Documents, Washington, DC 20402, for \$3.75 each (specify stock number 036-000-00047-3).

**National Endowment Arts
Administration Fellows**

Individuals with administrative experience in arts organizations (such as literary, visual, media, design, and performing arts groups, museums, foundations, and public arts agencies) may be eligible for 11-week Fellowships at the Endowment's offices in Washington, DC. Participants work as members of the Endowment's staff and attend seminars and meetings with arts leaders. They may be assigned special projects or assist in the daily activities of an Endowment program or division. Fellows become acquainted with the Endowment's policies and operations and gain a national overview of arts activities around the country. (202/682-5786)

International Activities

International Projects

The Endowment is interested in encouraging pilot international exchange projects that:

- assure that the excellence, diversity, and vitality of the arts in the U.S. are represented in appropriate venues around the world;
- help a wide range of American artists and arts institutions maintain access to important international cultural activities;
- expose greater numbers of Americans to the international influences within American culture; and
- promote the formation of partnerships between diverse American and foreign arts institutions.

U.S. Information Agency Arts America Program

Under a Memorandum of Understanding signed in 1978, the discipline panels of the Arts Endowment serve as artistic advisors to the United States Information Agency Arts America Program. In response to requests from U.S. embassies overseas, Arts America develops touring programs which involve a limited number of highly recommended U.S. performing artists. In addition, the USIA may be able to provide some facilitative assistance for companies and individuals who have arranged tours abroad. Send your confirmed overseas touring schedules directly to:

Fund for U.S. Artists at International Festivals and Exhibitions

The United States Information Agency and the National Endowment for the Arts together with The Rockefeller Foundation and The Pew Charitable Trusts sponsor this Fund to provide assistance to performing artists invited to international festivals abroad and to support United States representation at major international exhibitions of visual art. Periodically, the Fund solicits ideas for the presentation of visual arts at international exhibitions from a wide range of curators, both independent and those affiliated with museums.

International Exchange Fellowships

Five fellowships for work and study in Japan are awarded each year to American artists in various disciplines. Outstanding practicing artists for whom the opportunity to live and work in Japan for six months would be beneficial must apply through the appropriate discipline program.

In a similar exchange opportunity with France, up to ten non-monetary fellowships are available each year to American artists and professionals in the various disciplines supported by the Arts Endowment. Recipients of financial support through the Museum Program's Fellowships for Museum Professionals category who are planning to travel or study in France are eligible for these fellowships; their benefits include help in making travel arrangements, introductions to professional colleagues, and assistance in obtaining access to arts organizations. (202/682-5562)

For further information on international initiatives, please contact the Museum Program (202/682-5442) or Office for International Activities. (202/682-5562)

Application Information

Legal Requirements

By law, the National Endowment for the Arts may support only those organizations that:

- Are tax-exempt.¹ Organizations qualifying for this status must meet the following criteria:
 - (1) No part of net earnings may benefit a private stockholder or individual.
 - (2) Donations to the organization must be allowable as a charitable contribution under Section 170(c) of the Internal Revenue Code of 1954, as amended. A copy of the IRS determination letter for tax-exempt status or of the official document identifying the Applicant organization as a unit of either state or local government must be submitted with each application.
- Compensate professional personnel, laborers, and mechanics on Arts Endowment-supported projects at no less than prevailing minimum compensation as defined by the Secretary of Labor in parts 3, 5, and 505 of Title 29 of the Code of Federal Regulations. A copy of part 505 is available from the Endowment's Grants Office upon request.
- Comply with the Federal requirements specified in "Assurance of Compliance" below.

¹ Generally speaking, in American Samoa, Guam, the Northern Mariana Islands, and the U.S. Virgin Islands, U.S. tax laws have an application similar to that in the United States. However, in the Commonwealth of Puerto Rico, owing to special income exemptions, the application differs. Nevertheless, in all these areas arts organizations should be aware of their need to obtain tax-exempt status in order to qualify for Endowment support. Applications and inquiries concerning this matter may be made to the Internal Revenue Service's Exempt Organizations Office, 31 Hopkins Plaza, Baltimore, Maryland 21201 (301/962-2590).

Assurance of Compliance

By signing the application, the Applicant **agrees** that it will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.), Section 504 of the Rehabilitation Act of 1973 (229 U.S.C. 794), the Age Discrimination Act of 1975 (42 U.S.C. 6101 et seq.), and, where applicable, Title IX of the Education Amendments of 1972 (20 U.S.C. 1681 et seq.) as well as all regulations of the National Endowment for the Arts issued pursuant to these statutes. Title VI, Section 504, and the Age Discrimination Act prohibit discrimination on the basis of race, color, national origin, handicap, or age in any operations or activities of a recipient of Federal financial assistance. Title IX prohibits discrimination on the basis of sex in any education program receiving Federal financial assistance. The Applicant **thereby gives assurance** that it immediately will take any measures necessary to comply.

The assurance with regard to the above laws and regulations shall obligate the Applicant for the period during which the Federal financial assistance is extended. There are two exceptions. If any personal property is acquired with Endowment assistance, this assurance shall obligate the Applicant for the period during which it retains ownership or possession of that property.

(Continued on next page)

If any real property or structure is improved with Endowment support, this assurance shall obligate the Applicant or any transferee for as long as the property or structure is used for the grant or similar purposes.

In addition, as required by regulations implementing Executive Order 12549, "Debarment and Suspension," the Applicant certifies, by submission of this application, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency. It further agrees by submitting this proposal that it will include this clause without modification in all lower tier covered transactions (excluding contracts under \$25,000), solicitations, proposals, contracts, and subcontracts. Where the Applicant or any lower tier participant is unable to certify to this statement, it shall include an explanation as part of the application package.

Further, as required by the Drug-Free Workplace Act of 1988 (41 U.S.C. 701 et seq.; also implemented through the Debarment and Suspension regulations), the Applicant also certifies that it will provide a drug-free workplace by:

- (a) publishing a statement notifying employees that the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance is prohibited in the grantee's workplace and specifying the actions that will be taken against employees for violation of such prohibition;
- (b) establishing an ongoing drug-free awareness program to inform employees about--
 - (1) the dangers of drug abuse in the workplace;
 - (2) the grantee's policy of maintaining a drug-free workplace;
 - (3) any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) the penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- (c) making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);
- (d) notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will--
 - (1) abide by the terms of the statement; and
 - (2) notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) notifying the agency in writing, within ten calendar days after receiving notice under subparagraph (d)(2), from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to the grants officer as well as the grant number(s) of each affected grant;
- (f) taking one of the following actions within 30 calendar days of receiving notice under subparagraph (d)(2), with respect to any employee who is so convicted--
 - (1) taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e), and (f).

Assurance of Compliance,
continued

The grantee should maintain on file the site(s) for the performance of work done in connection with the specific grant listing street address, city, county, state and zip code. If this information is being submitted as part of your routine application materials, then disregard.

An individual Applicant certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant.

If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to the grants officer or other designee, and shall include the grant number(s) of each affected grant.

Explanation and Definitions:

1. The time frame of when you are required to have a drug-free workplace program in place varies depending on the length of the grant project, as follows: (1) for a grant of less than 30 days performance duration, grantees shall have this policy statement and program in place as soon as possible, but in any case by a date prior to the date on which performance is expected to be completed; (2) for a grant of 30 days or more performance duration, grantees shall have this policy statement and program in place within 30 days after award; and (3) where extraordinary circumstances warrant for a specific grant, the grants officer may determine a different date on which the policy statement and program shall be in place.
2. "Employee" means the employee of a grantee directly engaged in the performance of work under the grant, including: (1) all "direct charge" employees; (2) all "indirect charge" employees, unless their impact or involvement is insignificant to the performance of the grant; and (3) temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the payroll; or employees of subrecipients or subcontractors in covered workplaces).
3. For purposes of the Drug-Free Workplace Act of 1988, alcohol is not considered a controlled substance.

Note that Section 5301 of the Anti-Drug Abuse Act of 1988 (P.L. 100-690) provides for the denial of prospective Federal benefits, such as Arts Endowment grants, to individuals convicted of drug trafficking or possession, at the discretion of Federal and State sentencing courts. If you have any questions about this matter, please contact the Endowment's Office of General Counsel at (202) 682-5418.

This assurance is given in connection with any and all financial assistance from the Endowment after the date this application is signed. This includes payments after such date for financial assistance approved before such date. The Applicant recognizes and agrees that any such assistance will be extended in reliance on the representations and agreements made in this assurance, and the United States shall have the right to seek judicial enforcement of this assurance. This assurance is binding on the Applicant, its successors, transferees, and assignees, and on the authorized official whose signature appears on the application.

Methods of Funding for Organizations

Two types of grant funds are available to organizations applying under these guidelines: Program Funds and Treasury Funds. They are both explained below.

Program Funds

Program Fund grants to organizations usually must be matched at least one-to-one by non-Federal funds. (Please refer to each category for special matching requirements.) Applicants must show (in Section XI of the Organization Grant Application Form) that at least half the cost of the project will be met by the applicant. Anticipated sources of matching funds must be identified. Budgeted funds, as well as newly raised funds, generally may be used to match the Endowment grant.

Treasury Funds

Treasury Fund grants, designed to help applicants increase or sustain non-Federal contributions, generally must be matched with at least three non-Federal dollars for each Federal dollar. They are not available for projects or in amounts different from those specified in the regular guidelines.

Organizations applying for a Treasury Fund grant should so indicate in Section VIII of the Organization Grant Application Form. The process of applying for and receiving Treasury Fund grants is similar to that for Program Fund grants. The amount requested from the Endowment, however, may not exceed 25% of the total project budget.

The release of Federal funds is contingent upon the following: an applicant's securing and documenting for the Endowment, pledges and/or private donations at least equal to the amount of the Federal funds; and the approval by the Endowment of this documentation. This is referred to as the first match. The remaining minimum project cost (at least double the Federal monies) must be met with additional matching funds secured by the grantee organization.

For example:

Endowment grant	\$20,000
First match by applicant	\$20,000
Additional matching by applicant	\$40,000
Minimum project cost	\$80,000

Organizations interested in applying for a Treasury Fund grant are urged to contact the Program before applying.

Reporting Burden

Public reporting burden for this collection of information is estimated to average 18 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden to: Program Coordination Office, Room 628, National Endowment for the Arts, Nancy Hanks Center, 1100 Pennsylvania Avenue, N.W., Washington, DC 20506; and to the Office of Management and Budget, Paperwork Reduction Project (3135-0053), Washington, DC 20503.

Submitting Your Application

The application form and the supplementary information sheet(s) are the primary materials that advisory panelists use in evaluating an application. (In most categories, required visual materials are also essential.) Please complete all items on the required forms clearly and concisely, using the space allotted on the forms. Begin the project description with a summary sentence describing the project and the intended use of funds. Be sure to state who will be in charge of the project. More in-depth descriptive information and resumes may also be included as part of your overall application package; these additional items will be used as backup material only. Please provide answers and summarize resumes in the space provided, as instructed. Use standard size type on all your application materials. Do not use photoreduction.

Organizations must send the following materials, as well as those listed in "Special Application Requirements" for their category, in one package to:

Information Management Division/MM, 8th floor
National Endowment for the Arts
Nancy Hanks Center
1100 Pennsylvania Avenue, N.W.

If you plan to submit more than one application, please make photocopies of the blank Organization Grant Application Form.
2. One copy of the Internal Revenue Service determination letter for tax-exempt status or the official document identifying the applicant as a unit of state or local government.
3. One of the self-addressed Application Acknowledgment Cards on the back cover of these guidelines.

Generally, only the Grant Application Form and the appropriate Supplementary Information Sheet must be submitted in triplicate. If you are including other materials, submit only one copy.

Materials submitted to the Endowment generally will not be returned to the applicant. If you are submitting materials which are expensive or difficult to replace, please contact the Museum Program before applying.

Individuals should refer to "Fellowships for Museum Professionals" on pages 14-16 for instructions on how to apply.

Application packages, including all required supplementary materials, must be postmarked no later than the deadline date for your category. See the Application Calendar inside the front cover of these guidelines.

Late applications will be rejected. Incomplete applications are unlikely to be funded.

The Endowment will not accept any application materials by electronic transmission (e.g., FAX).
